

# ***FLOOD DEBRIS***

## **SEPARATE THESE ITEMS FROM OTHER TRASH**

**Most flood debris can be disposed in one container, *except*:**

- **Dangerous wastes (toxics, pesticides, explosives, gasoline, pool chemicals, acids, drain cleaner, fireworks, flares, ammo, unprotected “sharps”)**
- **Car batteries and rechargeable batteries**
- **Electronics**
- **Hazardous waste**
- **Mercury products (*fluor. bulbs, thermostats, thermometers*)**
- **Oil, brake cleaner, other toxic car products**
- **Oil-based paint, stain, varnish, paint thinner/stripper**
- **Propane cylinders, other gas cylinders**
- **Tires**
- **Large appliances (refrigerators, freezers, stoves, washers, dryers and scrap metal)**

## **REGIONAL HOUSEHOLD HAZARDOUS WASTE COLLECTIONS WILL BE HELD**

**DATES:** \_\_\_\_\_

**LOCATION:** \_\_\_\_\_

**Services vary, but some of these items may be accepted  
at your local transfer station.**

**Be safe! Handle household chemicals carefully.**

**Use gloves, eye protection, and secure from children/pets.**

**If leaking, place container in pail. Do not mix chemicals or pour down drain.**

**VT Dept of Environmental Conservation, Waste Mgmt Div.**

**802 241-3888**
