

Workplace Matters Webinars to Enhance Staff Leadership

August 13, 2024

VLCT PACIF announces a new webinar series – devoted to supporting leaders of people in the municipal workplace! Every two months, Julie McKenzie, PACIF’s labor and employment attorney, and expert special guests will present and host a lunchtime discussion on ways to foster a productive and engaged workforce. This series will focus on providing actionable insights and practical tools. Attendees are welcome to bring questions as well as their work challenges and successes.

All local government managers and supervisors of people are invited to join any or all of the meetings in this series. There is no cost for attendees from PACIF member municipalities.

The dates and topics of the first two meetings in the series are September 12 **Performance Management** and November 14 **Employee Engagement**. You will find these and future topics as they are announced in VLCT's online [Events & Trainings Calendar](#). These meetings will not be recorded.
