Weekly Legislative Report

Moves to Mondays

The legislative session will begin in about a month and VLCT Advocacy is already hard at work meeting with legislators, partners, and members. This session, the *Weekly Legislative Report* (WLR) will be released each Monday. This change will allow Advocacy staff to more confidently report on the issues that matter most to you. Fridays are often busy days in the legislature with many committee meetings, floor discussions, and, later in the session, votes on legislation. Releasing the report on Monday means that we'll be able to update you the very next business day, instead of a whole week later.

Read the latest WLR, find Advocacy Alerts, learn best practices for providing testimony, and more at vlct.org/Advocacy.
