2025 Flood Adaptation Training

The Vermont Division for Historic Preservation, in coordination with the National Park Service and FEMA, is sponsoring in-person training for flood adaptation for buildings. The authors of the [Guidelines on Flood Adaptation for Rehabilitating Historic Buildings](#) shall be leading the training. Unfortunately, increased flood impacts are a permanent reality for those of us working with historic buildings in Vermont and this is a great opportunity to learn from subject experts.

The training will be held in Barre on May 13, 2025 at the Old Labor Hall

This workshop is offered free of charge and participants will receive a copy of the Guidelines.

Please arrive for **check-in at 8:00 a.m.**, as the training will **begin promptly at 8:30 a.m.**

This will be a full day, in-person training, with snacks and lunch provided.

The workshop is limited to 50-60 people so please register as soon as possible.

Please complete the [Flood Training Registration Form](#) online **by Friday, April 11, 2025** or contact Lindsay.Pacheco@vermont.gov to sign up.
